Guided Pathways

Guided Pathways

Help Students Get on a Path

Before the end of my first academic term at this college, an advisor helped me develop an academic plan (a personalized plan with a defined sequence of courses for completing a college certificate or degree and/or for transferring to a 4-year college or university).

Help Students Stay on Their Path

Ensure Students Are Learning

Which of the following have you done, or are you currently doing at this college?
Internship, field experience, co-op experience, or clinical assignment?

Strategies to Promote Learning That Matters

Strategies to Promote Learning That Matters

CCCSE describes key strategies to promote strengthened classroom experiences:

- Strengthen classroom engagement
- Integrate student support into learning experiences
- Focus institutional policies on creating the conditions for learning
- Expand professional development focused on engaging students

Strengthen Classroom Engagement

f Raise expectations

- Instructors should set high standards and communicate them clearly, deliberately, and consistently.

f Promote active, engaged learning

- Students learn and retain more information — and persist and succeed at higher levels — when they are actively involved in learning rather than passively receiving information.

f Build and encourage relationships

- Personal connections are a critical factor in student success.

f Ensure that students know where they stand

- Feedback on academic performance greatly affects student retention.

Raise Expectations

Students work hard to meet instructors' expectations:

f 54% of students often or very often work harder than they thought they could to meet an instructor's standards or expectations

But expectations may not be as high as they need to be:

Promote Active, Engaged Learning

In your experiences at this college during the current school year, about how often have you done each of the using activities?

Emphasize Deep Learning

Memorization vs. Deep Learning

During the current school year, how much of your coursework at this college emphasized mental activities?

Build and Encourage Relationships

- f* 41.5% of students respond that the college emphasizes providing the support they need to thrive socially as quite a bit or very much....
- f* BUT, 72.9% never work with an instructor on activities other than coursework

Ensure that Students Know Where They Stand

Student Perceptions of Feedback
